

# Power Play AWARDS

Papua New Guinea

## WELCOME TO POWER PLAY

Power Play is a global program developed by leading women from ExxonMobil to bring together women from across the LNG industry to network, collaborate, and do business. The Power Play Awards program was created to recognise their accomplishments.

## INTRODUCING POWER PLAY AWARDS PAPUA NEW GUINEA

The Power Play Awards Papua New Guinea was launched in 2023 to highlight the accomplishments of exceptional women, and the men who uphold the importance of supporting and empowering others in the workplace, across Papua New Guinea's LNG industry.

This year's Power Play Awards Papua New Guinea will recognise the Best of the Best across four categories:

### THE RISING STAR

Celebrates a woman, 35 or younger, who is excelling early in her LNG career.

### THE LOW CARBON ACCELERATOR

Recognises a woman who is making a significant contribution by leveraging innovation and collaboration to accelerate society's path to net zero.

### THE AMBASSADOR

Honours a Papua New Guinean woman or man who, through their words, actions, and positive energy, inspires those who work with and around them.

### THE PIONEER

Honours a Papua New Guinean woman or man who has delivered outstanding business results or innovation and technology leadership amid the ever-evolving energy transition landscape.

## THE PRIZE:

In June, four Papua New Guinean nominees will be recognised as the Best of the Best across each category for their accomplishments and contributions to the local LNG and decarbonisation industries, with their achievements showcased at the Power Play Awards Papua New Guinea reception.

The Best of the Best in each category will then go on to have their accomplishments and contributions recognised and celebrated on an international stage, as part of the global Power Play Awards program.

If a Best of the Best recipient is shortlisted by global judges for the Power Play Awards, ExxonMobil PNG will recognise them by hosting a dinner in Port Moresby for them and 4 guests of their choosing in late 2025 or early 2026. As a global finalist, they will become part of an exclusive community of Power Players from around the world.

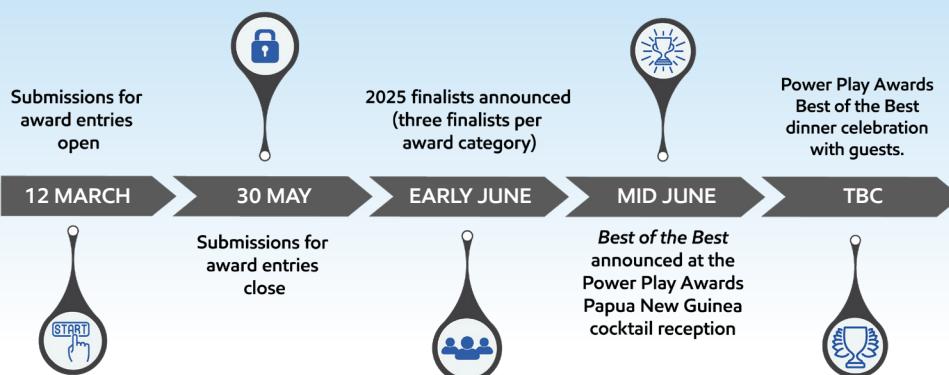

## START YOUR APPLICATION:

Anyone – from a colleague, family member or even yourself – can nominate a Papua New Guinean who is employed in any discipline across both the public and private sectors and trade and industry associations within the local LNG and decarbonisation industries.

It is important to select the category that is most suitable for the person being nominated. The Category Overview page in the Award Entry Kit provides more details on each of the categories, as well as information on who is eligible for nomination.

Visit [pnglng.com](http://pnglng.com) to download the Award Entry Kit and start your application.
